**Agenda: - Report on 4<sup>th</sup> year Anesthesia Students on Qualification Exam**

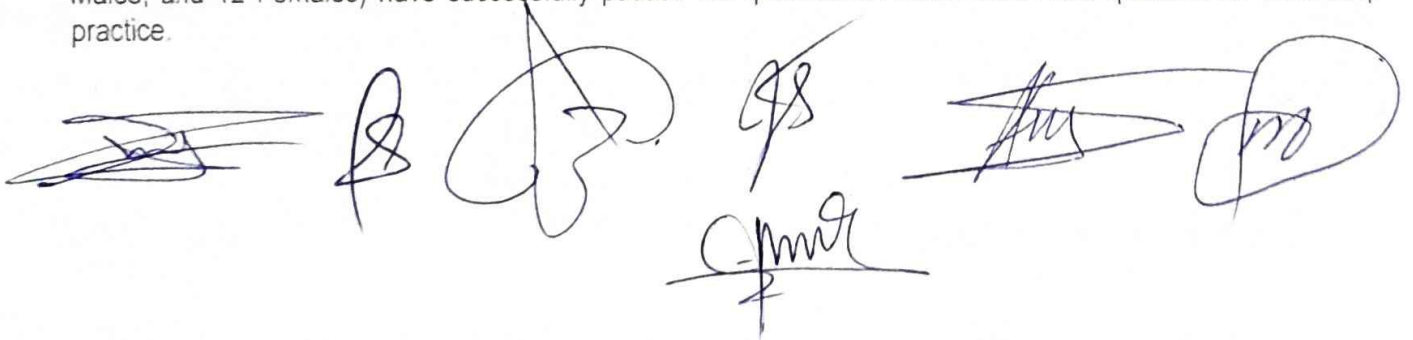

The qualification examination committee has established from different institutions external examiners and internal examiners from school of medicine and school of public health. The committee members are aforementioned and chaired by one of the external examiners.

The aforementioned committee carried out its assignment diligently to the required standard of performance by conducting qualification Examination for identification of those qualified for internship in which the students will practice with minimal supervision. The examination has held from February 05-09/2024 at different examination panels and in the department skill Development Lab.

As per the curriculum description of competency-based curriculum, the written examination was developed by the examination committee of the department and endorsed by the external examination committee before administration based on the national anesthesia exam blue print. The oral examination has delivered in collaboration with internal examiners from school of public health, school of medicine and anesthesia department with external examiners.

After all the three examinations have administered, the aggregated points have been analyzed as per the curriculum as Written exam-30%, oral exam-30%, and OSCE-40% with the compositions of public health, clinical and professional areas as per the curriculum. The pass mark for this qualification examination has set by the examination committee as 50%.

After analyzing the aggregate average score of written, oral and practical examination is sorted out and evaluated by the group, the External and Internal Examiners reached its final decision, that **all** 21 students (9 Males, and 12 Females) have successfully passed the qualification examination and qualified for internship practice.

A row of seven handwritten signatures in blue ink, likely representing the members of the examination committee. The signatures are stylized and vary in complexity, with some appearing to be initials or first names followed by a surname.

The External qualification examination finalized the aggregated result as follow

First name	Last name	ID Number	Sex	Written Exam (30%)	Oral Exam (30%)	OSCE (40%)	Total (100%)	Status
