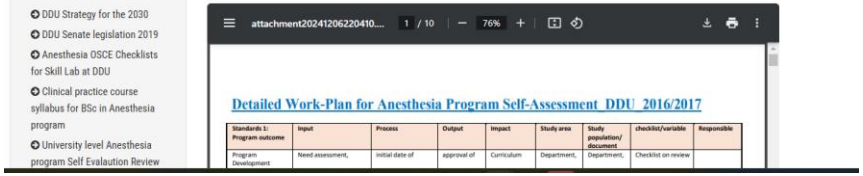
Key qualitative narration was included as summary to each standard.

ACCREDITATION

- DDU Strategy for the 2030
- DDU Senate legislation 2019
- Anesthesia OSCE Checklists for Skill Lab at DDU
- Clinical practice course syllabus for BSc in Anesthesia program
- University level Anesthesia program Self Evalaution Review

Work-Plan for Anesthesia Program Self-Assessment at DDU

Detailed Work-Plan for Anesthesia Program Self-Assessment_DDU_2016/2017 E.C



Strength

- Availability of teaching and learning resources (library, SDL, clinical site, class room, ICT, ….)
- Establishment of self assessment committee
- Availability of various documents (policy and procedures; PLO, OBE document, Assessment policy)
- Well crafted self assessment report and theoretical alignment for quality assurance.

Area of improvement

- Self assessment result utilization for quality assurance (SDL needs to work on it, its' site for national OSCE Examination)
- Improvement on the writeups with proper triangulations of what observe and documented in the way it contributed for education quality assurance
- Functionality and documentation of some committee within the department (needs proper documentation of their role, contribution to education quality assurance evidenced by report and minute)

Area of improvement

- Support services (student support and admin support) HR, Finance, Student hand book, utilization reports of documents.

Way forward and recommendation

- High level support from the university
- Resource mobilization support SDL to simulation center
- Recognize the faculty members contribution and dedication
- Develop action plan for the evaluation feedback

Way forward and recommendation

Strengthen

- Strengthen documentation and dissemination efforts

Expand

- Expand benchmarking efforts to align with global standards

Foster

- Foster innovation in staff capacity building and QA processes.

Thank you for your kind attention!!!
